

HOW A COURTESY CARD USER CAN CREATE OR RESET A PERSONAL WORLDCAT PASSWORD

Note this applies to registered Courtesy Card users, not to DTS students. As a Courtesy Card user, you may wish to access your personal WorldCat account to renew books, view due dates, or view fines. That requires a password. You don't need a password to search WorldCat or to borrow books.

1. To create a password, go to <https://dts.on.worldcat.org/> and pick the "Sign In" option (upper right).

2. The Sign In screen will appear. Click the "Set/reset password" link beneath the "Sign In" button.

 A screenshot of the 'Sign in' form. It includes two input fields: 'DTS ID' and 'Library Password'. Below the fields are two buttons: 'Sign In' and 'Cancel'. At the bottom of the form, there is a blue link labeled 'Set/reset password'.

3. When prompted, supply your barcode and click "Request new password." Note there should be no spaces in the barcode number.

 A screenshot of the 'Request new password' screen. It contains a text box with instructions: 'To reset your password, enter your user name below. You will receive an email message with a new password. Once your password is reset, your current password will no longer be accepted.' Below this text is an input field labeled 'DTS ID' and a button labeled 'Request new password'.

4. **An automated message will be sent to the email address in your library record.** The message usually arrives within a couple of minutes.¹ It is sent by "DoNotReply@oclc.org" with the subject line "Request to manage library password." The message contains a link that will let you securely set or reset your password. (Note: The link will expire in 24 hrs.) Click the link.

¹ If you do not receive the message, ask library staff to verify or change the email address in your record. Contact library@dts.edu or 214-887-5280 for help.

5. The “Change Password” screen will appear. For User Name enter your barcode. Enter a new password of your choosing as per instructions on the screen.

Change Password

Your password will be case-sensitive, and must be six characters or more, with at least one non-alphabetic character. The characters semicolon (;), colon (:), apostrophe ('), and period (.) are not allowed.
